

Scientific Program – APAPU 2018

December 14, 2018, 08.00 AM onwards
Pre-conference CME
Pediatric Robotic Surgery myths facts and current status
 Venue: Royal Ball Room - Hall B, Eros Hotel, Nehru Place, New Delhi

December 14, 2018, 08.00-12.00 hrs
ICCS certified course on Pediatric Urodynamics & Neuropathic bladder
 Venue: Royal Ball Room - Hall A, Eros Hotel, Nehru Place, New Delhi

December 14, 2018, 08.00-12.00 hrs
Advanced Laparoscopic wet lab
 Venue: World Laparoscopy Hospital, Cyber hub, Gurugram

December 14, 2018, 14:00-19.00 hrs
Hands-on Robotic workshop
 Venue: World Laparoscopy Hospital, Cyber hub, Gurugram

December 14, 2018, 14.00-16.00 hrs
ICCS course on Enuresis
 Venue: Royal Ball Room - Hall B , Eros Hotel, Nehru Place, New Delhi

8.00 AM onwards: Registration

08.30-11.00 hrs: ICCS certified course on Pediatric Urodynamics & Neuropathic Bladder
 Chairpersons: Sudipta Sen (India), M Bajpai (India), Hideo Nakai (Japan)

08.20-08.30	Welcome	Anupam Sibal
08.30-08.50	Physiology, bladder dynamics and pathophysiology of bladder bowel dysfunction	Wen Jianguo (China)
08.50-09.10	Setting up urodynamic unit: Equipment, Personnel & Training Indications, Principles and types of urodynamic tools	V Sripathi (India)
09.10-09.30	The urodynamic evaluation of bladder dysfunction in children: indications, technique, interpretation.	Paul Austin (USA)

09.30-09.45 hrs Coffee Break

9.45-11.00 hrs
 Chairpersons: Anette Jacobsen (Singapore), A Krishna (India), Monika Bawa (India)

09.45-10.05	Functional voiding disorders and interpretation of uroflowmetry and cystometry	Kwanjin Park (S Korea)
10.05-10.25	Different urodynamic case scenarios and integrating the UDS result with the clinical scenario	Stuart Bauer (USA)
10.25-10.45	Managing bladder dysfunction/voiding disorders without urodynamics: Does it impact long term outcome?	Sudipta Sen (India)
10.45-11.00	Calibration errors and false readings on UDS	R Babu (India)

11.00-12.45 hrs: Neuropathic bladder
 Chairperson: Andrew Kirsch (USA), Graham Smith (Australia), Rajiv Kulshrestha (India)

11.00-11.15	Pediatric incontinence: diagnostic algorithm	S Ramesh (India)
11.15-11.30	Fallacies of Urodynamics in special cases (VUR, diversion, infancy)	Stuart Bauer (USA)
11.30.-11.45	Drug therapy for neuropathic bladder: how effective is it?	P Vasudev (India)

11.45-11.53	Long term results of Botulinum toxin A (Botox) in detrusor over activity and detrusor sphincter dysnergia	MS Ansari (India)
11.53-12.00	MIS approach to neuropathic bladder beyond Botox	DK Kandpal (India)
12.00-12.15	Bowel management in neurogenic bladder: conservative and minimally invasive approach	K Das (India)
12.15-12.30	Augmentation cystoplasty in refractory neuropathic bladder with VUR: indication, option and long-term outcomes	M Bajpai (India)
12.30-12.40	Spina bifida foundation in India	S Karmarkar (India)
12.40-12.45	Concluding remarks	C K Yeung (Hong Kong)
12.45 hrs LUNCH		

Hall B - Eros Hotel, Nehru Place, New Delhi 14 December 2018 CME: Pediatric Robotic Surgery myths facts and current status		
08.00-08.10 Welcome		
08.10-08.20	Introduction of Faculty Mohan Gundeti, Professor of Pediatric Urology, University of Chicago Sujit Chowdhary, Clinical Director, Apollo Institute of Pediatric Sciences	
08.20-08.40	The Decade of Robotic surgery What I have learned?	Mohan S Gundeti
08.40-08.55	Robotic basics, instrumentation and set up with Si and Xi perspectives	Ravi Kanojia
08.55-09.10	Are we training the next generation surgeons what is required?	Umesh Oza
09.10-09.25	Nuances of Robotic Surgery in Children	Narmada Gupta
09.25-09.40	What are the important attributes of Robotic surgery training	Venkat Sripathi
09.40-09.55	Is robotic surgery an only option in the digital age of surgery	Minu Bajpai
09.55-10.10	Laparoscopy as a foundation of endoscopic surgery and what are the limitation?	M S Ansari
10.10-10.20	Physiology of Pediatric Genitourinary Laparoscopy	Virender Sekhon
10.20-10.30 COFFEE		
10.30-10.45	Pediatric Pyeloplasty - learning tool for beginner robotic surgeon	Ravi Kanojia
10.45-11.00	Robot assisted pyeloplasty in complex scenarios and evolution	Prem Dogra
11.00-11.15	Renal stone management – What is the role of robotic surgery	Arvind Ganpule
11.15-11.30	Role of robot assistance in duplex kidney management outcomes and techniques?	Andy Kirsch
11.30-11.45	MIS approach to Augmentation Cystoplasty	Sujit Chowdhary
11.45-12.00	Is Robotic ureteric reimplantation a feasible option	Venkat Sripathi
12.00-12.15	Renal transplantation is it feasible with robotic surgery	Arvind Ganpule
12.15-12.30	Neurogenic Bladder – what can be accomplished?	Gursev Sandlas
12.30-13.00	Round Table Discussion and miscellaneous case presentations	

13.00	LUNCH
--------------	--------------

Scientific Program – APAPU 2018 Day 1 14th December 2018 (Friday) Royal Ballroom - HALL A

12.45- 13.30 Hrs LUNCH 13.30-13.40 Opening Address by: - Organizing Chairman/ APAPU President
--

13.40- 14.40 Hrs Session: B D Dwivedi Memorial Session: Antenatal diagnosis and intervention Chairpersons: K L N Rao (India), V Gupta (India), Andrew Barker (Australia)
--

13.40-13.50	Antenatal diagnosis in urology	Anita Kaul (India)
13.50-14.00	Antenatal intervention and impact on postnatal outcome	Kalpana Patil (UK)
14.00-14.10	Antenatal intervention for PUV: technique and PLUTO trial	M Abraham (India)
14.10-14.40	Panel discussion: antenatal diagnosis & intervention: evolving scenario.	Moderator: A Krishna (India) A Kaul (India), Y Huang (China), K Patil (UK) M Abraham (India)

14.40-15.40 Hrs Session: Posterior urethral valves Chairpersons: Philip Ransley (UK), V Sripathi (India), Hideo Nakai (Japan)

14.40-14.55	PUV in Preterm babies	S Rao (India)
14.55-15.10	Urinary diversion and undiversion in PUV: challenges	J K Mahajan (India)
15.10-15.25	Valve bladder: management and long-term outcomes	Graham Smith (Australia)
15.25-15.30	OBSCURE (Obstruction to child urethra): international survey	A Deshpande (Australia)

15.30-16.00 History of APAPU / Lamp Lightening / Welcome address

16.00-16.15	Coffee Break
--------------------	---------------------

16.15-17.20 hrs Session: Pelviureteric Junction Obstruction Chairpersons: Ram Samujh (India), Ashok Basu (India), Shang-Jen Chang (Taiwan)
--

16.15-16.30	Controversies in PUJO: Imaging, RGP, Stents & residual HDN	VVSChandrasekharam (India)
16.30-16.45	Laparoscopic Pyeloplasty in unusual circumstances	R Shah (India)
16.45-17.00	Robotic pyeloplasty: will it replace open/lap pyeloplasty?	M Gundeti (USA)
17.00-17.15	PUJO: Postoperative complications and management	Moriya K (Japan)
17.15-17.20	Redo-pyeloplasty: MIS approach	P Debnath (India)

17.20- 18.40 hrs Session: Urolithiasis and Testes Chairperson: Santosh Karmarkar (India), Tarmono (Indonesia), Fui Boon Lai (Malaysia)
--

17.20-17.35	Treatment planning & selecting the approach for pediatric urolithiasis	Serdar Tekgul (Turkey)
17.35-17.50	Rigid and flexible URS for Pediatric urolithiasis	Young Jae Im (S Korea)
17.50-18.05	PCNL and ultra mini PCNL in children: current indications	M S Ansari (India)
18.05-18.20	Impalpable testis and torsion: early recognition, guidelines and treatment	S Roy Choudhury (India)
18.20-18.35	Varicocele in children: when and how to treat?	Andrew Kirsch (USA)

18.35-18.40	Ureterorenoscopy for large ureteric stone in infancy	P Yadav/DK Kandpal (India)
-------------	--	----------------------------

**Scientific Program – APAPU 2018
Day 1 Parallel session in HALL 'B'
14th December 2018 (Friday)**

Lunch 13.00-14.00 hrs

14.00-15.00 hrs: Workshop on Enuresis

Chairpersons: R N Srivastava (India), Kwanjin Park (S Korea), Jianguo Wen (China)

14.00-14.20	Physiological basis of enuresis: current research situation	C K Yeung (Hong Kong)
14.20-14.40	Monosymptomatic and Non-monosymptomatic enuresis: Evaluation	Siddharth Sethi (India)
14.40-15.00	Management of Refractory Enuresis	Paul Austin (USA)

15.00-16.00 hrs

Chairpersons: Arun Wadhwa (India), A Vasudev (India), Siddharth Sethi (India)

15.00-15.12	Medication resistant enuresis: recent advances	Shigeru Nakamura (Japan)
15.12-15.24	Starting an Enuresis clinic: Ground reality in India	S Pandey (India)
15.24-15.40	Bedwetting: Social aspects and treatment perspectives in different countries (each 5 minutes)	Yi Yang (China) K Anand (India) Shang-Jen Chang (Taiwan)

**Delegates move to Hall A for Inauguration ceremony
15.40-16.00 History of APAPU / Inauguration & Lamp Lightening/ Welcome address**

16.00-16.15

Coffee Break

16.15-16.45 hrs: Guest Lecture

Chairpersons: J Kirtane (India), Ashok Basu (India), S Nakamura (Japan)

16.15-16.30	Urethral injuries in children	S Agarwal (India)
16.30-16.45	Retroperitoneoscopic surgery feasibility & role in Pediatric Urological practice	R Kanojia (India)

16.45-17.45 hrs: Case scenarios in Pediatric Urology

Chairpersons: Sudhakar Jadhav (India), Stephen Yang (Taiwan), Andrew Kirsch (USA)

16.45-17.00	Case 1	A Basu (India)
17.00-17.15	Case 2	P Menon (India)
17.15-17.30	Case 3	M Deb (India)
17.30-17.40	Robotic approach to retrocaval ureter repair	A Mitra/ DK Kandpal (India)

17.45-18.15 Hrs

Chairpersons: S Aneja (India), V Muralidhar (India), S Balan (India)

17.45-17.55	Principles of sedation & post operative pain in babies	N Jerath (India)
17.55-18.05	Anaesthetic consideration for MIS in Pediatric Urology	S Malhotra (India)
18.05-18.15	Tumour Board: Solid tumour in pediatric urological practise	M Kalra (India)

18.15-18.45 Hrs

Chairpersons: S Talwar (India), Osama Al Omar (USA), Manu Arora (India)

18.15-18.25	Evolution of Pediatric Urology in Pakistan	S Sultan (Pakistan)
18.25-18.35	Evolution of Pediatric Urology in Nepal	RP Chaudhary (Nepal)
18.35-18.45	Evolution of Pediatric Urology in Bangladesh	TK Chowdhury (Bangladesh)
18.00 hrs onwards APAPU board meeting
